About Solarvest:

Solarvest is an algae technology company that owns numerous key patents and whose algal-based production platform provides it with an extremely flexible production system. The Company’s wholly owned subsidiary, Solarvest PEI, has developed a patented (pending) process to produce the world’s first organic Omega-3 using algae, to help meet the 13 billion dollar global Omega-3 market. The Solarvest system utilizes a natural process growing the algae under closely controlled conditions ensuring that the health product(s) produced have none of the environmental contaminants found in our oceans. Organic certification provides assurance that the product(s) is GMO free, sustainable, produced without chemicals and, being algae, supports vegetarian and vegan diets. Solarvest’s licensed Organic Omega-3 products will offer the consumer a healthy and sustainable product choice.
